Net Tangible Assets

We advise that the unaudited net tangible asset backing for the Company's shares as at 30 April 2018 was:

	Fully Paid Ordinary Shares 31 Mar 2018	Fully Paid Ordinary Shares 30 Apr 2018
NTA before tax	\$0.070	\$0.071
NTA after tax	\$0.070	\$0.071

As the Company continues its wind down strategy the number of underlying investments is down to ten and the five largest exposures are more than almost 80% of the total private equity portfolio value. Consequently, the potential remains for greater volatility in the monthly NTA. That NTA relies heavily on the fund valuations advised by the various managers within the portfolio and those managers generally value their investments on a quarterly or six monthly basis.

Following the material increase in NTA in early 2018 the possibility of a performance fee for the Manager has increased significantly. Any fee entitlement will only arise at the annual calculation date of 30 November covering the three year period from 30 November 2015. However, if the period was 30 November 2015 to 30 April 2018 the NTA (before and after tax) would reduce to approximately \$0.067.

Cash Position

At 30 April, the Company held \$1.38 million after 7.0 cps was paid to shareholders on 9 April.

The Company has no debt. Future cash requirements are expected to be modest and able to be managed through operating cash-flow and reserves.

On Market Share Buy-Back

There were no transactions resulting from the Company's on-market share buy-back scheme during April.

Private Equity Portfolio

Fund	No. of remaining investments	Uncalled Commitments *
Archer Capital Fund 4	2	\$0.2m
